FBC Presents

DISA J6 Cyber Awareness Forum

Date/Time: October 24, 2024

Pentagon Library Conference Center (PLCC), Washington, DC

General Information

The theme for this forum is "Secure Cyberspace: Unleash Your Digital Armor", which emphasizes the importance of proactively safeguarding data, protecting infrastructure and using tactical intelligence to combat cyber threats.

This event is a great opportunity to engage with government and industry experts on the latest cybersecurity developments, products, and services. Various presentations and exhibits will be offered throughout the day, with the Virtual Career Fair hosted by several government agencies. Visit the career fair online to learn about programs for interns, veterans, job openings and exciting career advancement opportunities.

Come gain valuable information and enhance your knowledge while earning Continuing Education Unit (CEU) credit.
