

FBC Presents

IT & Cyber Day at Fort Belvoir

Date/Time: May 16, 2019

Fort Belvoir Officers' Club, Fort Belvoir, VA

General Information

All DoD employees and contractors at Fort Belvoir are invited to attend the 2019 IT & Cyber Day @ Fort Belvoir at the Fort Belvoir Officers Club. The event will feature mission oriented solutions, systems and technology on display by more than 25 industry exhibitors in addition to in depth educational cyber sessions led by Subject Matter Experts representing industry, law, and Intelligence Community/DoD.

PLEASE NOTE: All attendees must be an exsisting tenant or work on base at Fort Belvoir to attend this event. If you are not located on base you will not be able to gain access due to security restrictions.

AGENDA

0900 - 0930 - "Putting the Sec in DevOps" - Checkmarx

0945 - 1015 - "How to Stop Worrying and Start Destroying Guaranteed, Science-Based Ways to Keep Classified Information Classified" - Data Security Inc.

1030 - 1100 - "Location Information Exposed: Who is Watching" - Oxygen Forensics, Inc.

1115 - 1145 - "How to Control Access with Identity as the New Perimeter" - Thycotic

1215 - 1300 - "High Performance Computing as a Self-Service HPCaaS" - TSI

Attendees seeking Cybersecurity Continuing Education credits will be eligible for up to 4 CPEs upon attending this event. Pre-Register here or sign in at the event to receive CPEs.

Complimentary refreshments and lunch will be served throughout the event. There is NO FEE to attend.
