

FBC Presents

DISA J6: Cyber Awareness Forum

Date/Time: September 25, 2025

**Pentagon Library Conference Center (PLCC),
Washington, DC**

General Information

DISA J6 will be hosting their second Cyber Awareness Forum in 2025 with an in-person opportunity for industry to present and network with the top DISA J6 cybersecurity gate keepers.

The theme for this event will be determined soon, but each forum is designed to help DISA J6 examine the agencies' cybersecurity readiness, learn better security practices, complete trainings, and look for new technologies to protect their cyberspace.

About DISA J6: DISA J6 provides IT and secure communications services across the DOD and military service branches. It is in charge of the funding and personnel that offer most of the IT services for the Pentagon and other DOD offices inside the National Capital Region and has superior mission- and budget-authority.
